About Us

Dupat Industries, founded by Mr. Tajinder Kharbanda, has been a leading provider of cable connection and protection solutions since 2017. With a focus on quality and innovation, our products cater to diverse sectors like LED lighting, telecom, solar and electric vehicles. Backed by 30 years of industry experience, we surpass import quality standards, earning the trust of major players like Havells and Jaquar. Committed to the "Make in India" initiative, we offer cutting-edge solutions for the electric vehicle industry. Choose Dupat Industries for excellence, reliability, and a commitment to shaping the future of cable solutions.

Vision :
To Become One of the Leading Manufacturers of Cable Connection and Protection Solutions

Mission :
To Deliver Superior Products with Premium Quality, Timely Delivery and Cost-Efficiency

Values :

- Respect individuals irrespective of the level
- Adherence to the rules and regulations
- Trust in the ability of people
- Trust in inter-personal relations
- Knowledge sharing
- Knowledge acquisitions
